

22 Feb 2021

Dear Parents and Carers,

Murrumbidgee Regional High School has received additional funding to support students who need assistance with their learning as a result of the impact of COVID. Through the COVID Intensive Learning Support Program, schools have been provided with funding to employ additional educators to deliver small group tuition for students.

As we are unable to employ more educators to deliver small group tuition, during the school day, for identified students, we are looking to use our funding to offer students small group tutorial sessions delivered by some of our teachers outside of 'normal' school hours to support improved learning outcomes.

We would like to offer these sessions before school from 8.00am-8.50am and after school from 3.30pm-4.20pm. The sessions are open to students from Year 7-12.

Please note: Parents/carers and students would be responsible for transport to and from school outside of school hours.

To see if this proposed plan is viable, I am seeking feedback to determine how many students would be interested in participating in small group (approximately 2 - 5 students) tutorial sessions starting this term.

To be able to better target support, I have included a space for you to indicate if and when your child/children would like to participate in small group tutoring and what learning areas your child/children would like additional support in. The days/times shaded black are unavailable.

More information will be shared after we establish student interest.

Please feel free to contact me with any questions you may have regarding this opportunity on 02 6969 9300. **Please return notes to the relevant school office by Monday 1 March 2021.**

Yours Sincerely

David Crelley

Executive Principal
